

Offsite cloud video storage. Protect your restaurant CCTV system.

Powered by **videoloft**

- All video backed up in a secure offsite cloud
- View live feeds & recorded video events from anywhere and at any time
- Receive instant notifications when motion is detected
- Compatible with a wide range of professional security cameras
- Intelligent video analytics

Videoloft features.

Multiple locations and cameras on one platform.

Easily monitor multiple locations on one platform. Check in on your cameras any time and from anywhere using the Videoloft mobile app or online web viewer.

Liability claims protection.

Choose a plan that suits you & keep your video for 7, 30, 60 days or more. Protect against shrinkage, slip & fall or recorder damage.

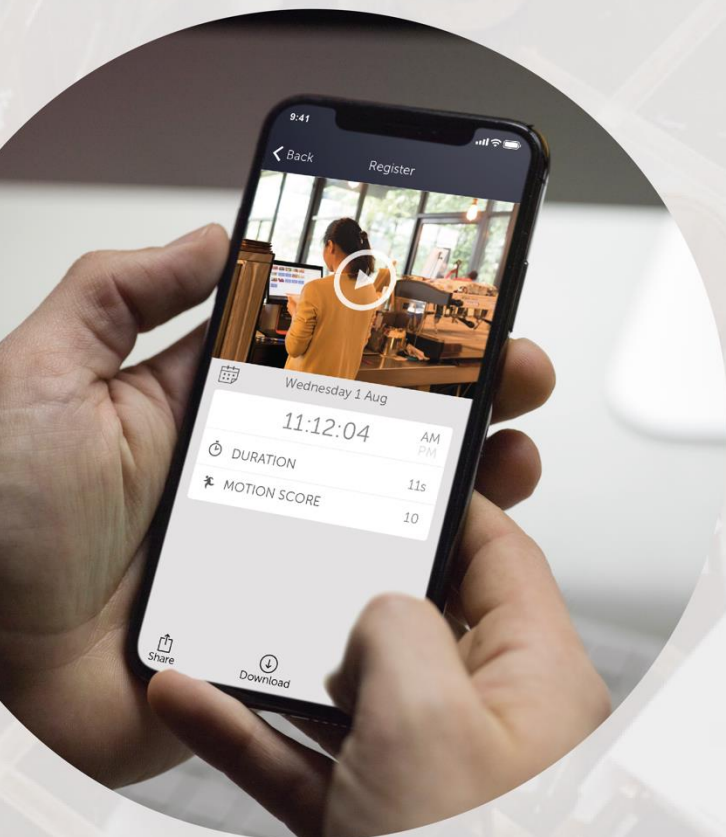

Secure offsite backup.

Ensure your footage is always there when you need it. All your video is encrypted & securely stored in the Videoloft cloud so it's safe, even if the recorder or cameras malfunction, are stolen or damaged.

Analytics & smart search.

Turn a basic CCTV system into an intelligent one. Object detection makes searching footage easy & smart - ensure appropriate face coverings are being worn. Available as an add-on feature.
